88 SERIES COLLECTION

EXCEEDING EXPECTATIONS WITH SEAMLESS AV MOUNTING SOLUTIONS

ONKRON is a global leader in residential and business space organization. We design and manufacture wall mounts and mobile stands for televisions, monitors, and digital panels. Customers from North America, Europe, and Africa know and love our brand. Half a million clients across the world choose our products yearly.

ONKRON is the first brand in the premium mass market segment. Modern design, exceptional reliability and outstanding performance distinguish our products from the rest. Every model, created with the customer in mind, meets and exceeds the most exacting expectations.

ONKRON is an example of utmost professionalism. We are trusted by regular shoppers as well as corporate buyers. Our goal is to help create a productive, creative and comfortable environment both in the office and at home. Among our clients are school districts and healthcare facilities, stadiums and restaurants, entertainment venues and transit hubs. ONKRON solutions are used at NASA, Boeing, Ubisoft, Blizzard, and even in the US Capitol Visitor Center.
